

# GlutenTox<sup>®</sup> Home

## Quick and **Reliable**

GlutenTox<sup>®</sup> Home is a friendly gluten detection kit for foods and drinks. GlutenTox Home contains the G12 anti-gliadin antibody that specifically recognizes the gluten fraction that triggers celiac disease.

## GlutenTox Home advantages:

- » Detects gluten from wheat, barley, rye and rare varieties of oat
- » Adjustable sensitivity for 5 ppm or 20 ppm of gluten
- » Results in less than 20 minutes
- » No special equipment required
- » Safe and easy to use

# Gluten detection made easy

GlutenTox Home is a user-friendly tool to avoid accidental gluten contamination in food and drinks. Each kits contains 2 or 5 single use tests for gluten detection.

## To avoid accidental gluten ingestion

- » when food labeling is absent
- » when travelling abroad
- » in school cafeterias
- » in restaurant kitchens
- » in hospital/nursing home kitchens
- » at home
